Obedience Springer of the Year

This award is for the Springer with the best total or average qualifying obedience scores. Members must submit the best total or average of three qualifying scores earned during the award year. Scores do not have to be earned from the same class. They may be earned at any AKC licensed obedience competition, from any regular class, under at least two different judges. Obtaining an additional score from each owner will break ties. If one owner does not have an additional score, a tie will be declared and both names will be inscribed. However, a fourth score cannot be withheld if it has been earned.
